

WorkSafe

Occupational health

A proactive, holistic approach to worker safety and well-being

Prevent workplace health issues before they become costly claims and absences with WorkSafe by Marathon Health—a value-based, integrated occupational health and advanced primary care solution.

From meeting regulatory compliance to injury prevention programs, Marathon partners with hundreds health and safety leaders to reduce lost time, mitigate workers' comp claims, and prevent costly conditions.

Streamline care and administration with a unified solution

- **Prevent:** Pre-employment tests, ergonomic coaching, medical surveillance, industrial athlete programs
- **Care:** 24/7 injury triage, OSHA first aid, workplace exposure evaluations, treatment protocols
- **Manage:** Injury case management, return-to-work pathways, musculoskeletal programs
- **Integrated:** Co-location and deep referral pathways boost primary care engagement at health centers

Designed to align with the NIOSH Total Worker Health® model

A problem worth solving

\$176.5 billion

annual cost of work-related injuries to U.S. employers¹

71%

of employers rank musculoskeletal conditions as a top cost driver²

Nearly 30%

of days away from work (DAFW) cases are related to musculoskeletal disorders³
